

THANK YOU for your patience, we are now open 6 days a week, closed on Sundays.

Our phone lines close daily from 12:30 – 1:30 for lunch, and we are closed on all statutory holidays.

Currently, we cannot permit companions of patients into the office unless the patient is a minor or needs physical assistance. If you have a mask, please bring it to wear during your appointment!

While we are still limiting the number of people in the clinic, appointments are no longer needed to pick up glasses or contacts, or if you need an adjustment, however we may ask you to wait outside until there's more room inside!

Please continue to book appointments if you would like to purchase glasses outside of an eye exam appointment.

Thanks again for your patience as we adjust to our new normal...

From the Doctors and Staff at Port Moody Eye Care
